

Company Profile

2026

Headquartered in the city of
Jeddah, Saudi Arabia

MADA Industrial stands as a testament to decades of dedication and excellence in the industry.

Founded in 2000

Our journey started with a clear and resolute focus on the trade and supply of high-end building materials.

Our unwavering commitment to excellence has enabled us to provide the highest quality products across various sectors, including industrial, energy, healthcare, tourism, and real estate development – within which we cater to HVAC, Plumbing, Fire Fighting and Electrical wiring management. Our products include grooved fittings, pipes and systems, valves, metering, drainage accessories, and electric wiring conduits to name a few. These come from top international manufacturers such as Victaulic, Watts, Danfoss, Kamstrup, Valmatic, American Fire Control, and Gepico.

MADA Industrial's evolution is marked by a relentless pursuit of quality, innovation, and customer satisfaction. We see ourselves as partners in Saudi Arabia's journey towards progress, sustainable development, and economic diversification. We envision a future where our contributions help build a stronger, more resilient nation.

MADA Industrial is dedicated to serving Saudi Arabia and the region with integrity, and a commitment to delivering the very best in materials and products for its development. Aligned with the goals of Saudi Arabia's VISION 2030, we continue to strive for excellence as a contributor to the Kingdom's growth and prosperity – for 2030 and beyond.

Company Strategy

Relationships as genuine partnerships

At MADA Industrial, trust and transparency are the guiding principles that shapes every aspect of our operations. The strength of our business lies in the strength of our relationships. Cultivating these relationships is not just a strategy; it's a core value. We prioritize our clients and suppliers, viewing them as essential partners in our business.

Leading the way in Quality products and Innovative technologies

We focus on providing the highest quality products, state-of-the-art systems, and innovative building solutions. Our customers rely on us for materials and services that meet the most exacting standards and we take that responsibility seriously. To achieve this, we ensure that our products remain at the forefront of industry innovation and standards.

Adapting for long-term Success and efficiency

To stay competitive and responsive, we employ cutting-edge systems for inventory management, logistics, and supply chain operations. This enables us to streamline processes, reduce lead times, and optimize resource allocation, ultimately resulting in cost savings that we can pass on to our customers.

Deeply rooted in our region

Born of the region, and firmly shaped by it, we embody a unified approach that integrates quality, efficiency, relationships, and adaptability, all aimed at positioning us as a premier provider in the Saudi Arabian construction and real-estate development supplies industry.

We continuously position ourselves to not only meet the demands of today but to also shape the future of our industry in Saudi Arabia for the future generations of the region

Our Vision

Our mission is to serve the Saudi economy and to help create a higher quality of life for both the citizens and residents of the Kingdom.

Embracing the ambitious Saudi Arabian VISION 2030 initiative aimed at fostering sustainable and environmentally friendly energy solutions.

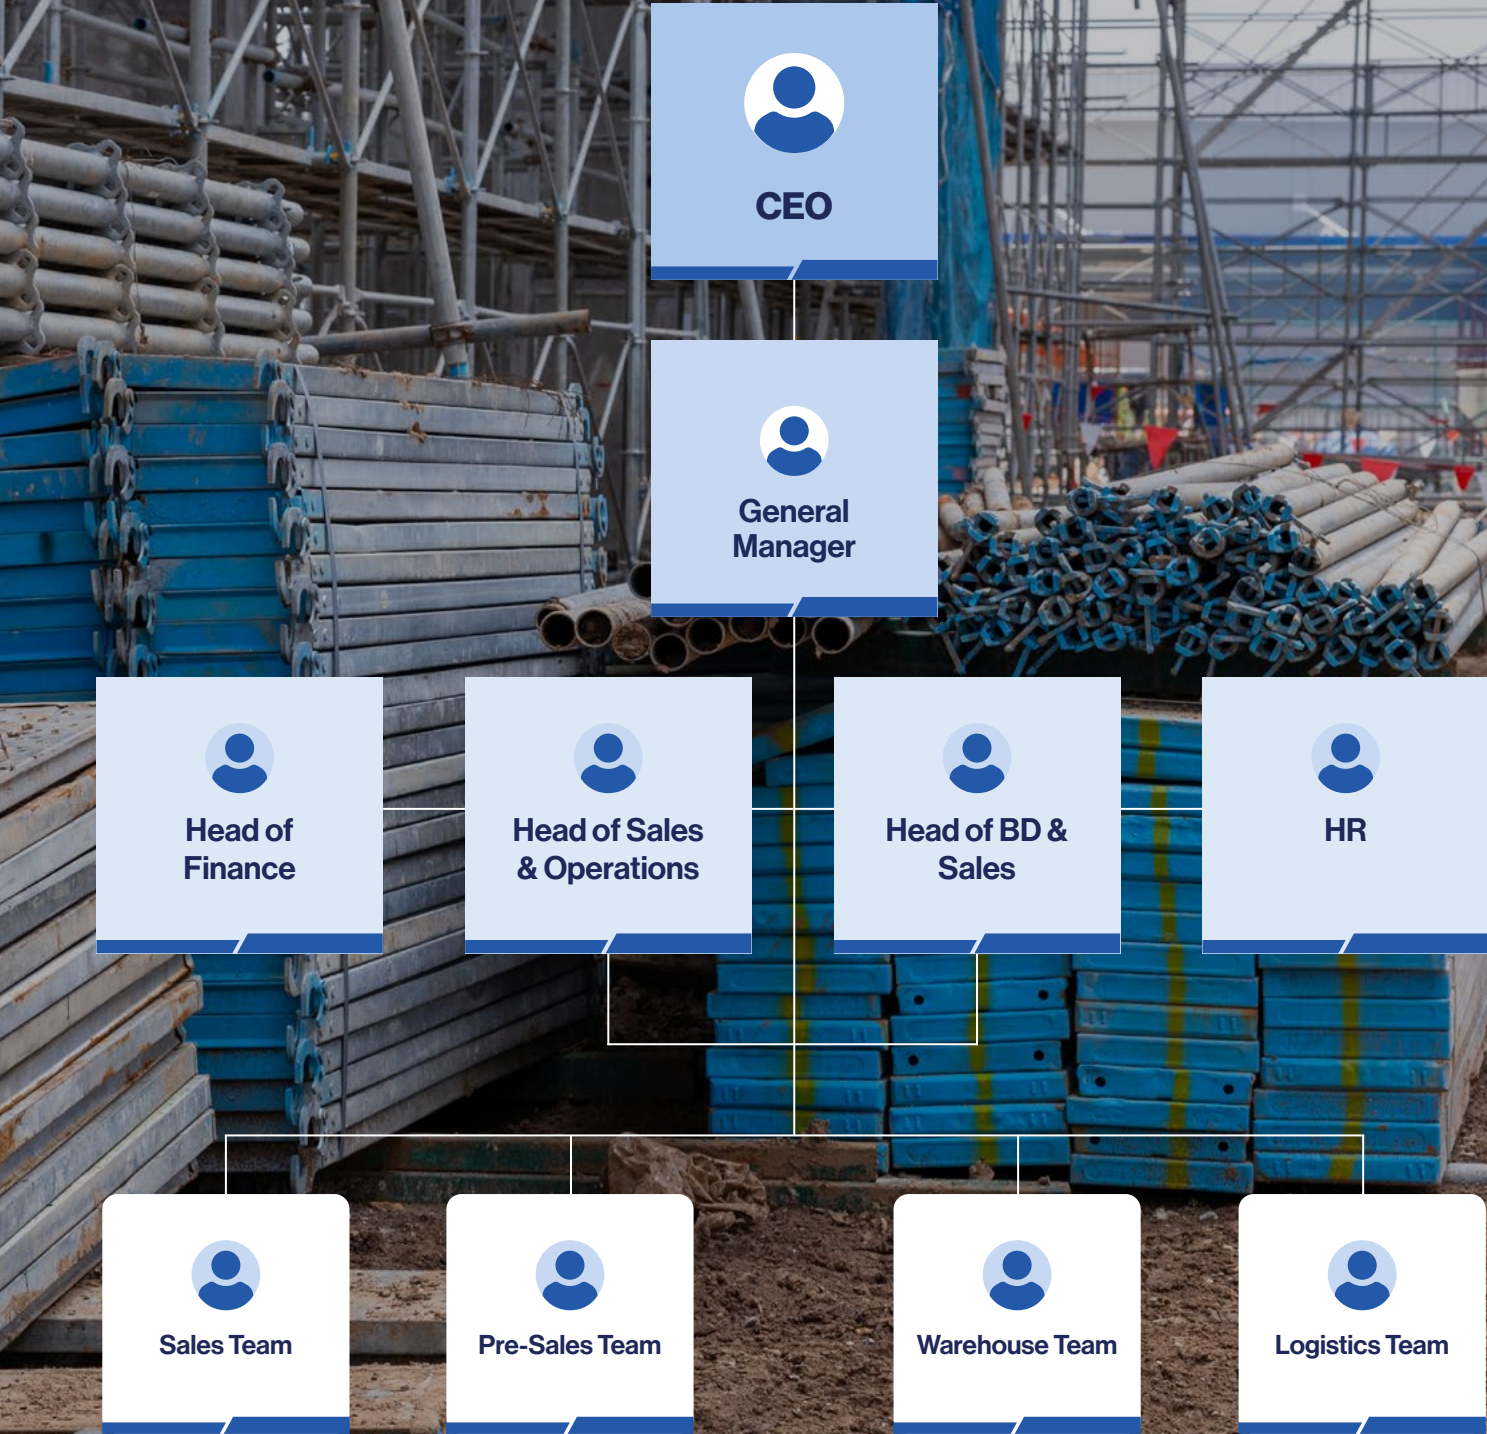

MADA Industrial is dedicated to innovative, high-quality products.

At MADA Industrial, we are committed to being a recognized and trusted partner in Saudi Arabia's journey towards progress and prosperity. We aspire to be distinguished as a unique and reliable contributor to the Kingdom's growth and development in the various business sectors we are active in.

Engineering Tomorrow.

Valmatic

Val-Matic® Valve & Mfg. Corp. is a renowned valve manufacturer known for producing check valves, shut-off valves, and air valves for various markets including water/wastewater, industrial, and building sectors. Founded in 1966, the company started with the Silent Check Valve and later introduced signature products like Air Valves, Dual Disc®, and Tilted Disc® check valves.

Over the years, Val-Matic expanded its product lines, introducing innovative valves like Swing-Flex®, Surgebuster®, and QuadroSphere® Ball Valve. In 2020, it was acquired by A.Y. McDonald Industries, solidifying its position as a leading valve manufacturer globally. Val-Matic is headquartered in Elmhurst, IL, and is recognized for its high-quality products and commitment to customer service.
